

Rights Respecting School

We are working hard towards becoming a Rights Respecting School. We have already achieved our Recognition of Commitment (ROC) from UNICEF. This year, Mrs Jamieson, Miss Young and Mrs Prentice will be working with the committee as we aim to attain Level 1 of the award and become a Rights Respecting School.

Term 1

Assembly

Our new committee was introduced at an Assembly and we told everyone about some of the activities for the term.

Class Charters

All classes worked with their teacher to devise their new Class Charter. They selected rights from the United Nations Convention on the Rights of the Child (UNCRC) and decided how to make sure everyone got their rights in the class. The charter designs are pretty amazing too!

ShoeShare initiative

Thank you very much for all of the shoes kindly donated for our appeal. Our Committee delivered all of the shoes to Clarks in Hamilton and they will be sold to raise money for Education programmes around the world.

Learning about Children's Rights in class

Next term we will be using Launchpad to learn about Children's Rights. The committee had great fun making the garden themed wall display to showcase our learning!

Coming soon.....

- ✧ Look out for our information stall at the Parent/Carer Night in November.
- ✧ We will be participating in a local Christmas toy appeal for children who are not as fortunate as us.
